DEDICATES THIS FALCON TO THE BUSINESS MANAGER,
J. MILLS HOLLOWAY

Mr. Holloway and Family

In dedicating this year's FALCON, the Senior Class of 1963 feels this is more than a trivial honor or courtesy. It is a dedication of our thanks and gratitude to a very dedicated and understanding friend.

To you Mr. Holloway, we bestow this yearbook because you have helped to build a bigger and better St. Augustine's College by giving your time, assistance and guidance to the young men and women attending this institution. Your genuine interest and enthusiasm have been an inspiration and incentive to greater accomplishments.

So with gratitude and thanks, we dedicate the 1963 edition of the FALCON to Mr. J. Mills Holloway, Business Manager.

A Message from the President

Saint Augustine's College
Raleigh, North Carolina

OFFICE OF THE PRESIDENT

January 9, 1963

Dear Senior Class:

Please accept my sincere congratulations as you leave the hallowed halls of Saint Augustine's College and embark upon the adult phase of your voyage through life.

For the past four years the entire personnel at this institution has striven to train you for the great challenges and opportunities awaiting you in a society that is undergoing revolutionary changes.

Remember that today's world is one great country. New nations are being born and are seeking their place in the sun of a new day. Persistent demands for equality in all areas of endeavor and association are being pressed everywhere. Respect for human dignity is gradually becoming the order of the day. The desire for peace is dramatically taking precedence over the urgings for war because the atomic age has convinced most of mankind that war today would be tantamount to universal suicide.

As you build your future upon the solid foundation of the education that you received in this Church-related college, remember that the Almighty has made you Steward over new and greater resources for assisting the young men and young women who wish to follow in your footsteps.

May the talents entrusted to your stewardship prove helpful and fruitful in His sight and to you, to those who would follow you, and to your Alma Mater.

Very truly yours,

James A. Boyer

A Message from the Dean

PREZELL R. ROBINSON

I wish to commend you for the efforts that you have put forth during the past four years to bring you to the successful conclusion of your formal undergraduate career. Many started with you who are not with you now. The reasons for their absence are varied and sundry. Nevertheless, it can be said that you held steadfast to your course; you fought the good fight, and are able to reap the rewards of your battle.

In these days of many pressures from without and within, a great deal is required of the individual to hold him to a line of personal progress and growth until he has acquired a formal education, which is considered today basic to the society in which we live.

As you join the legions who have left the hallowed halls of this institution since 1868, it is my sincere hope that you will have a life-time succession of worthy challenges, and in each case the health of body, the strength of moral character, and the personal courage to meet them effectively.
